FP200

FP200/H2/M/32/S/[M141]

FP200 Interface valve, 200 lpm	Model Code
H2 110-235 bar Pilot	Operator
M Subbase mounting	Connections
32 3-way, 2-position	Configuration
S Nitrile -20°C to +130°C	O-ring Material
N/A	Thread Form
[MI4I] 3 Way 2 Position Manifold 1/2 NPT	Manifold
FP200 /H2 /M /32 /S /[M141]	Model Number

This is a bespoke datasheet. For further details on the complete range, please refer to catalogue: FP50, FP100, FP200 Series Interface / Pilot

Accuracy of informat

We take care to ensure that product information in this catalogue in reasonably accurate and up-to-date. However, our products are continually developed and updated so to ensure accurate and up-to-date information please refer to the product catalogue issue list on our web site or contact a member of our sales team.

When selecting a product, the applicable operating system design must be considered to ensure safe use. The products function, material compatibility, adequate ratings, correct installation, operation and maintenance are the responsibilities of the system designer and user. Quality Assurance Al Biold produces are manufactured to a most stringent QA programme to ensure that every product will give optimum performance and realibility. We are third party certified to BS EN ISO 9001/2008. Functional ext certificate, letter of conformity and copies of original mill certificates, providing total strateability are available on request, to BS EN 10204 3.1 where available. We rearve the right to malas charges
